**WARNING**  
**Fire Rings & BBQ's**

Please take special caution around fire rings. The area inside the ring may contain HOT COALS. Small children should not be allowed to play near the fire rings. The outside surface of the fire ring is very hot. Keep a safe distance from the fire ring. Natural conditions and/or shifting sands will cause variations in the height of the fire rings. Exercise caution when next to a fire ring to avoid tripping or falling. Please dump coals from private BBQ's into fire rings ONLY. Do not dump coals into sand. Coals will smolder and park guests can be burnt by coming into contact with sand when hidden coals exist. Please use caution and common sense when cooking or enjoying campfires. Keep small children at a safe distance at all times.
