

# CLOVERDALE RIVER PARK

## PHASE 3 & FLOOD DAMAGE REPAIR PROJECT

### PROJECT INFORMATION

---

The Sonoma County Regional Park Department has initiated construction of the Phase 3 and Flood Damage Repair Project.

Construction activities will begin the week of September 13, 2010 and will conclude in December 2010.

The Phase 3 project will include a boat ramp for non-motorized boats, family picnic sites, and interpretive displays. The flood damage repair project will restore the levee and other park facilities that were affected by the 2005-2006 New Year's storm event.

Cloverdale River Park will remain open to the public during construction.
