Agenda Title: Taylor Mountain Phase 2 Trails Project

Executive Summary:

The Taylor Mountain Phase 2 Trails Project continues on the work completed during Phase 1 and is based on the master plan approved in 2012. The project includes the construction of 8 miles of new multi-use trails and 3 new walk-in/bike-in neighborhood access points. When completed, it will provide public access to several hundred acres in the northeast area of the park. Trail construction began in 2021 and is planned to be complete and open to the public in Summer 2023.
