

# Maxwell Park - Master Plan Update Project

6.12.17

## What do you like about the plan?

### GROUP 1

- Safer access from the natural side of the park.
- Good job at accommodating nearly all the recreational activities
- Good trail enhancements

### GROUP 2

- Proposed lighting at tennis courts and throughout the park. This increases availability and improves safety.
- Good effort to preserve the environmental resources
- Increased parking
- Concession areas
- Improved restrooms (make as many waterless as possible)

### GROUP 3

- Bathroom additions, water fountains and sitting areas a must!
- Turf soccer fields are exciting and love the spectator/picnic zones!
- Parking proposal looks amazing! Please consider the bus circulation throughout the parking and entry layout.
- Off leash dog area is a plus.

### GROUP 4

- Lighting –extends hours.
- Soccer fields – love the fields!
- Love the improved circulation –separation of BG Club access from parking.
- Better pedestrian safety
- Youth sports concessions
- Riparian area protection and enhancement
- Good separation of uses.

### GROUP 5

- Soccer and baseball areas both good plans.
- Soccer spectating areas converted to off season picnic areas is good.
- Improved restroom access.
- Lighting of fields.
- Like the “paved” trail, generally newer, safer and more manicured trails.
- Preservation of the wooded areas and open space.

### GROUP 6

- Generally positive reaction to base plan – good plan!

### GROUP 7

- Pickle ball
- Bus drop off
- Bike pump track
- Off leash dog park

## **What do you dislike about the plan, and what ideas do you have for improving it?**

### GROUP 1

- More (safer) access points
- Safe crossings at Verano and Riverside
- Good trail enhancements

### GROUP 2

- Would prefer the addition of a 6<sup>th</sup> tennis court

### GROUP 3

- Consider metered parking option with 15-20 mins. free. And/or consider reducing the fee – too expensive for residents.
- Lower turf field next to BG club.
- Why not basketball courts (potential areas adjacent to BG club)
- No sand volleyball? Please review community petition.
- Existing ADA accessible path way to BG club building seems too steep. Please review and consider improvements in the Master Plan.
- More tennis courts? Or Multiuse rather than pickle ball? (basketball, volleyball, pickleball, etc.)
- Provide lights in parking lot for safety.

#### GROUP 4

- Could BG Club traffic be even more separated? Eg. Provide another entrance for the parking?
- Provide lighting on the skate park.
- Solar lighting over parking to fund all lighting operations.

#### GROUP 5

- Would hope for safer and more manicured park environment in “back 40”
- Move restroom closer to the play area and picnic area (perhaps swap with fitness equipment).
- Water fountains and benches area needed.
- Need solutions to homeless encampment problem.
- What are the priorities as the \$ comes in?

#### GROUP 6

- West side access – Bridge would be best.
- Improvements to north side of Verano crucial!
- Solar to power park lighting!
- Solutions needed to homeless encampments at west side.

#### GROUP 7

- No disc golf!
- Remove skate park fence.
- Provide water fountain (and seating) near skatepark.
