RE: Extension of Public Comment, North County Trails, SCH#2021100478

Dear Clearinghouse Staff,

Our Document, 2021100478 – MND – North Coast Trails is currently open for public review. We request that you extend close-of-comment from November 23, 2021 until November 29, 2021.

We request this extension because we were a few days apart posting the document to different public venues. Specifically, the Notice of Intent to Adopt a Mitigated Negative Declaration was posted on our website and with the Sonoma County Clerk on Friday, October 22, 2021, but not with CEQAnet until the following Monday, October 25. To allow the public a full 30 days to comment, whatever their source of information is on the project, we are extending the deadline for close of comment to match the latest posting date. Additional days are included in order to close comment on a business day.

Thank you for your attention to this matter.
